

Calls Goes Out For Red Cross Workers

Volunteers who will do Knitting
Or Sewing Over Period of Time
Supplies Given

Women who are willing and able to undertake work on behalf of the Canadian Red Cross Society kindly leave your names with Clark Rhodes, Secretary, Municipal Office as soon as possible giving particulars of work desired and amount that can be undertaken, for say, six months. When this information is received supplies will be ordered from Red Cross Headquarters.

'JOCK'S WAGGIN' TONGUE

Vol. 3 Thur. Nov. 2 No. 39
Jock McIntyre, Editor

We are of the belief that that every man woman and child in Champion district should be out boosting for the proposed irrigation plan until such a time as we know sufficient about it to form an opinion which would be unfavorable.

LET'S ALL BOOST

It's time to get the storm windows repaired and put on as well as to inspect the plumbing. We have some wonderful improvements on the outside one holer.

Hibernate don't insulate.

Edith, Guy and Laddie left on Monday for a trip down to see Barbara in Maine.

You should give the old bus a break this winter and fill 'er up with Prestone its absolutely guaranteed for one winter's driving.

Archie, Wyane, Royal, Ross Ruggles and Siler are away to the North on a moose hunt. Next week we expect to hear how good the steak was.

Red bottom house tanks are still selling at no advance in prices at our store.

Some of the Municipal councilors seem to think a good way to keep track of their wives when in town is to lock them in the rest rooms.

See the latest in Westinghouse radios on display at our store. London, Paris, and Rome comes in like Alberta stations.

Pyrex ware was never so popular or so low in price before. Our stock is complete.

Mc. Drg. Hammer Mills now ones at second hand prices.

Sixty Women Register Here

Percentage Good

Sixty women of the Champion District answered the call to serve their country in such capacity as they were best fitted for in time of emergency by registering under the Voluntary Registration for Women. It is stated that there was a possible 220 who could have registered so the percentage who did so is favourable with other areas.

Under the guidance of Mrs Lamont, who took care of the necessary expenses and gave of her time, ladies throughout the district registered last week.

Any who did not register may do so direct to Ottawa. A letter to the Voluntary Registration Bureau will be appreciated. It should be pointed out that it is not necessary that you be ready to join the army, or other such service but there are ways in which local citizens can show their loyalty by serving at home. For those who register for positions some may be given important work.

Voluntary registration has been so good that compulsory measures will not be taken for some time, it is learned but that is all the more reason why persons should freely tell the government what they are prepared to do for their country.

Keen Interest In Irrigation

Immediate Action Is Necessary

This paper is pleased with the response to irrigation project being sponsored by a committee headed by Reeve Griffin. Many have visited this office and taken a good look at the map which was made by the Dominion Government in 1922.

Readers are asked to turn to the Editorial page for further information on this subject.

Laid To Rest

An impressive funeral service was held on Thursday in Lethbridge for Mrs. Alexander. Service was conducted by Rev. W. H. Irwin assisted by Rev. P. Dawson. Floral tributes were beautiful. Bearers were 5 nephews Winston and Brian Sproule, Louis, Terence and Lloyd Higgins and Walter Kramer.

Mrs. U. S. Alexander was born near Orangeville, Ont. and would have been 59 years of age on December 8th. She was educated there and at Hamilton. She taught school many years in the east and Alberta coming to Taber in 1917. She was married in 1928 and as stated in last week's issue took an active interest in the social life of the community.

Local Young Lady Given Award.

Miss Joyee Christensen Wins
Highest Standing
Recognized By I O D E

A happy presentation was made Monday in Champion when Miss Edith Schultz, the Regent of Champion chapter Imperial Order Daughters of the Empire bestowed upon Miss Joyee Christensen the certificate and silverware commemorative of the visit of the King and Queen last summer.

Recognition came as a result of a prize offered to those taking the highest standing in Social studies in grade 9 where local chapters were established by the I O D E and Miss J. Christensen marks and class standing met with approval.

A suitable certificate indicating the nature of the award together with silver spoons, also engraved to commemorate the Royal visit, were forwarded to the Champion chapter and presentation took place at the school, Miss. Schultz making appropriate remarks for the occasion.

In addition to her husband Mrs. Alexander is mourned by Mrs. B. Hinton, Toronto, Mrs. E. H. Sproule and John H. Lang of Orangeville, Robert, Grand Valley Ont. Mrs. J. E. Higgins of Retlaw, Mrs. N. Sproule of Taber. The youngest sister Faye predeceased her in 1929.

Carmangay

A wedding of interest in southern Alberta took place in St. Pauls Presbyterian Church recently with Reverend G. M. Cameron officiating when Leah May eldest daughter of Mr. and Mrs. Ernest Nowlin old timers of Carmangay West became the bride of Patrick Mooney of Banff. The bride was given in marriage by her uncle George Nowlin. The bride chose for her wedding gown a floor length model in white taffeta with which she wore a finger tip length veil and carried a bouquet of pink roses. She was attended by Miss Isabell Miller who wore a floor length gown of blue taffeta and carried pink carnations. The groom was supported by Mr. Charles Moffat and Mr. Ivan Gustafson acted as usher. Wedding music was played by Mrs. Katherine McPherson and during the signing of the register Mrs. James McNeil sang beautifully "Because". Following the ceremony a reception was held at the home of Mr. and Mrs. George Nowlin. The bride and groom are spending a honeymoon visiting various points in Southern Alberta. They will make their home in Banff.

Rev. T. Taylor attended the United Church Conference held in Lethbridge on Friday on the occasion of the visit of the Rt. Rev. J. W. Woodside, D.D. of Ottawa.

The Carmangay C. G. I. T. met in the Sunday School room of the United Church on Monday evening to initiate several new members also their new leader Miss Ruth Anderson who is carrying out the work of Miss Francis Dayman a bride of the near future.

After the initiates had passed all their tests games were played and a very bountiful lunch served.

Eileen Dayman won the prize for the best costume.

The meeting closed with Taps.

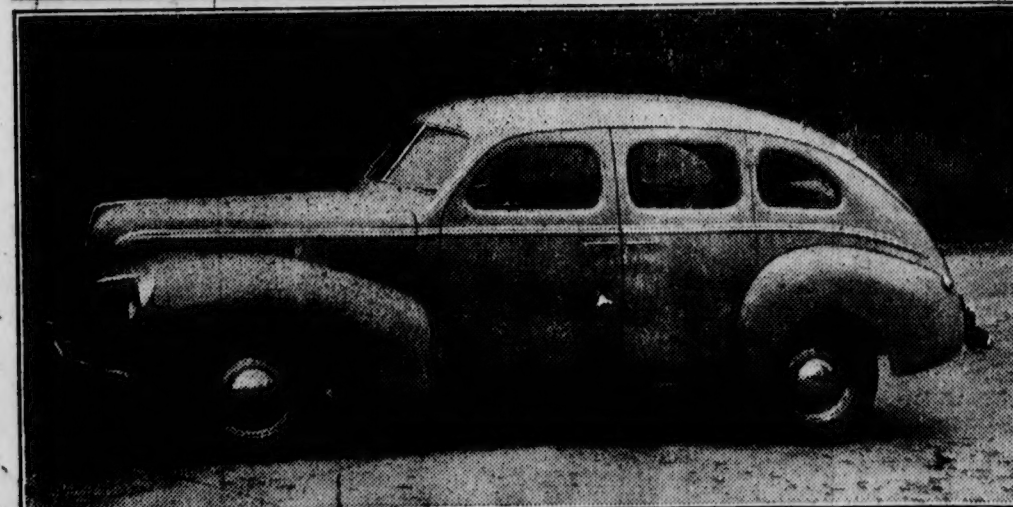

A card party held in the I. O. O. F. hall sponsored by the Ladies Social Credit Group. Mrs. O. Brownwell won First Prize in whist for the ladies, Mr. J. H. Maloney for the men. Consolations were awarded Mrs. A. F. Wilson and C. W. Folk. In a session of Chinese Checkers Mrs. D. H. Russel won first prize and E. L. Nugent Consolation.

Last Friday afternoon the Primary Grade enjoyed a Halloween party. Miss Ruth Anderson is the teacher. It was a great day for the kiddies.

Mrs. Sid Thompson and her daughter Miss Dorothy Thompson were hostesses at their home on Thursday afternoon last. About 50 of their neighbors from the Plainfield district who gathered together to honor Miss Ada Atkitt, bride elect whose marriage to Alfred

New 1940 Ford V-8 and Mercury 8 Cars

MANY improvements have been incorporated in the Ford V-8, Deluxe Ford and Mercury 8 cars for 1940. All of the cars have a new finger-tip gearshift, Sealed Beam headlights, controlled ventilation, improved riding quality and ad-

vanced exterior and interior styling. Pictured above (top) is the Deluxe Ford V-8 Fordor sedan, an ideal family car with increased interior roominess and distinctive modern exterior design. There are three Ford V-8 models and five

Deluxe Ford body types. The Mercury 8 town sedan (bottom) is a four door car of striking beauty. Both front and rear seats hold three persons comfortably. Five Mercury 8 body types are available with a wide choice of colours.

Women Recognized

One of the outstanding results of the Quebec election aside from telling the world that Canada was united in its determination to prosecute the war is that the women of Quebec are to be given the franchise. This will mean that for the first time in that province women's status is being recognized.

It has been a long hard fight throughout Canada to gain franchise for women most of the provinces and the Dominion Government giving the equal rights some years ago. We were privileged to be present at a meeting in Ottawa some six years ago when the women from Quebec made a united plea for the same right as was then enjoyed by the other women of Canada. Their request was listened to with attention. But it was not until Adelard Godbout ascended into the ranks of the Liberal party in Quebec that it was made part of the policy of the group. He advocated it three years ago but was defeated but by his election last week and assurances given the women of the province no time will be lost in implementing this needed advancement in social legislation.

A Worth While Project

The project of securing the Federal government to institute work under the Prairie Farm Rehabilitation scheme is a worth while one and should receive the wholehearted support of all people in the district.

It is known that while this district is recognized as one of the best for the production of wheat there are years when the moisture is not sufficient. Raising of livestock is not practical because of lack of pasture and with this scheme both classes of farmers would be given help.

Reeve Griffin has interviewed Mr Vallance the head of the department which operates the Act and has his assurance that the work would be done without cost to local farmers if approval was given the project.

Naturally such a project must have backing. No government is going to spend money for public works unless there is a demand and that if undertaken, it will be of benefit to the country. Reeve Griffin believes he can prove the latter.

Other communities to be served by the project have already indicated their willingness to participate so it is for the local farmers and merchants, who are vitally concerned with the welfare of the district, to get behind the committee. Tell Reeve Griffin you are ready to hear detail and if satisfied to support the request for definite proposition from the government. Act at once.

IN CANADA
It's Apple-Time
RIGHT NOW!

JUICY, perfectly-ripened Canadian apples are in . . . fresh, from Canada's finest orchards! Plenty of them, too—those that normally would be exported overseas, as well as our own usual, generous supply. And—thanks to the higher minimum grade requirements—there are greater-than-average qualities of the finer, fancier, higher-grade eating apples.

So, all through this year's apple season, order liberal quantities of Canadian apples . . . for eating, cooking, entertaining . . . and for jellying and preserving. You'll enjoy them immensely—and you'll be doing your country a SERVICE at the same time.

And remember, Canadian apples are Government Graded. Ask to see the grade-mark on the container when you buy!

BUY BY GRADE—BUY WITH CONFIDENCE

The Rambler

Bits of sense and nonsense
By Slim Seemore

We wonder if the birdies told the truth when he told us of cupids' actions.

Sharp shooter! James Brown! Some of the crack shots around town are worried over their reputation.

A high school girl said the country roads were too muddy on Tuesday for young Rhodes.

Folks a great big cigar was going down the sidewalk on Saturday with a fire on one end of it and a man streaking along behind.

The big question, how can we raise \$45 for the hockey club?—Walter asks.

War Reports

Special to The Chronicle

Farmers in Canada can best serve the Dominion and best serve the Empire and the allies during the war by doing the things best that they have been doing since they started farming said Hon. J. G. Gardiner, Dominion Minister of Agriculture according to information given The Chronicle from Ottawa.

He emphasized that while he thought that the farmer should get a price that would advance production he felt sure that in a time of war price is not the consideration, but supply.

The war against Nazi Germany is a crusade to save Christian civilization and these endearing are first and foremost defenders of the faith stated Prime Minister Mackenzie King over a national radio Friday night the first of a series of reports on the war to the Canadian people.

Encouragement

In these days of stress when the biggest heart begins to feel the weight of responsibility it is encouraging to receive words of commendation.

To start out the week a letter was received by the editor from one of our district subscribers. The letter expressed appreciation for the "Rambler's," which appear from week to week and for the very fine service we are giving the district.

To this we say thank you. A word of kindness is worth a great deal to any person and especially to those serving the public.

Announcing THE NEW FORD CARS FOR 1940

22 important improvements, added to fundamental Ford features, represent the most advanced engineering in the low-price field

WHAT do the Ford cars for 1940 offer to match their brilliant new beauty? New comfort, convenience, quiet, safety—and the roomiest, richest interiors ever designed for a Ford car.

They have a host of interesting new features. There is a finger-tip Gearshift conveniently located on the steering post. An improved transmission is unusually easy to shift. New Controlled Ventilation. Improved shock absorbers. Improved spring suspension and a new ride-stabilizer.

A combination of new features makes the new cars quieter in operation. They have big, powerful hydraulic brakes. They have new Sealed-Beam Headlamps that are safer, stronger and stay bright longer. They have the famous 85-hp. Ford V-8 engine—which blends 8-cylinder smoothness with economy.

You've never seen cars with so much performance, style and comfort at such a low price. Get acquainted. You'll enjoy the experience!

22 IMPORTANT FORD IMPROVEMENTS

FOR COMFORT—More room inside. New Controlled Ventilation. New torsion bar ride-stabilizer. Improved spring suspension. Self-sealing shock absorbers. Two-way adjustable driver's seat. New-type resilient front seat backs. New "Floating-Edge" seat cushions.

FOR CONVENIENCE—New Finger-Tip Gearshift. Engine more accessible. Two-spoke steering wheel. Light switch on instrument panel.

FOR STYLE—New exterior beauty. New interior luxury. New instrument panel.

FOR SILENCE—Improved soundproofing. "Easy Shift" transmission. Curved disc wheels.

FOR SAFETY—Sealed-Beam Headlamps. Dual windshield wipers at base of windshield. Larger battery and generator. Headlight Beam Indicator in driver's direct vision.

PLUS THE FUNDAMENTAL FORD FEATURES

shock absorbers with self sealing construction are fitted on all cars.

Comfort features are emphasized throughout the design. Seats are built for restful riding. Front seat backs are of a new resilient type. Cushions have a new "floating" edge. Driver's seats are adjustable two ways—they rise as they move forward. Bodies are scientifically soundproof shutting out road noises. An "easy shift" transmission permitting speeds to be changed quietly. New design curved disc wheels also contribute to quietness. Quick stopping hydraulic brakes are continued on all models.

Instrument panels harmonize with interior styling. Gauges are grouped in front of the two spoke steering wheel. A grille for installation of radio speaker, glove compartment with lock, two ash trays and a cigar lighter are provided on the panel. Deluxe cars also have a clock on the glove compartment door.

The 1940 Mercury has a new straightline speedometer with gauges and headlight beam indicator grouped in front of the two spoke steering wheel. A choice of upholstery is available—either blue-gray bark weave broadcloth or two tone Bedford cord in closed cars, saddle brown or red antique finished genuine leather in convertibles. Exceptional roominess is a feature of all the body types.

A new controlled all weather ventilation system permits draftless circulation of air. The "tilted wing" front section of window glass may be swung outward. The rear half, together with its metal support bar in closed models, can be lowered, permitting better vision and unobstructed arm signals.

The new Mercury, effectively insulated from road bumps, provides extraordinary riding comfort. Seat cushions have soft edges with deep soft inner springs. Improved hydraulic shock absorbers, with a new self sealing construction, cushion spring action. The car rides quietly even at high speed. Noise is minimized by numerous rubber cushioned mountings and the effective use of body insulation developed as the result of continuous and exhaustive soundproofing research.

The 95 horsepower V8 engine is usually flexible, enabling the car to crawl in traffic, flash away from traffic lights or maintain cruising speed on the highway.

A large luggage compartment, reached by a wide door in the rear rack, provides ample room for family luggage. The compartment is lighted automatically when the door is lifted. The spare tire is carried vertically against the front wall.

Many New Improvements For 1940 Fords

Windsor Ont Nov. 2, 1939

With a new fingertip gear shift, controlled ventilation, Sealed Beam Headlamps, improved ride and advanced styling in all models, Ford V-8, Deluxe Ford and Mercury 8 cars for 1940 are announced by Ford Motor Company of Canada, Limited.

The new Ford cars are big and powerful in appearance. Body lines are pleasingly streamlined. Front ends are distinctly modern with low radiator grilles, long hoods and deeply rounded fenders. The trimly tailored interiors are attractive with plenty of seat room, leg room, elbow room and shoulder room.

The 1940 Mercury 8 enters its second year with a unique first year record behind it. Three months after being introduced it was among the first ten cars in sales. Before the year ended there were more than 60,000 Mercury owners.

A car of striking beauty, the Mercury 8 for 1940 has a gracefully flaring chromium radiator grille beautifully moulded hood and smoothly streamlined body and rear deck. Interiors

are particularly attractive with the new blue and silver tone instrument panel providing the interior color scheme.

The Ford lines are comprised of four Ford V-8 and five Deluxe body types. A new business coupe as well as a Fordor sedan, a Tudor sedan and coupe as well as a Fordor sedan, Tudor sedan and coupe are available in both. There is also a Deluxe convertible club coupe with automatic top as standard equipment. Three color choices are available in the Ford V-8 and in the Deluxe line.

The Mercury is presented with a choice of five body types. These are a new convertible sedan, the town sedan (four doors) the sedan (two doors) sedan coupe and club convertible. The first four are six passenger cars while the club convertible seats five. It has an automatic top. There is a choice of eight attractive body colors.

All Ford cars have improved spring suspension with a longer, more flexible front spring. A torsion bar ride stabilizer provides an exceptionally comfortable steady ride. The ride stabilizer also contributes to firmer, easier steering. Front and rear springs of Deluxe cars are equipped with mettle covers. Large double acting hydraulic
